

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The title has been replaced with: --A Method of Connecting a Tubing Component to a Pipe of an Air-Conditioning System--.

EXAMINER'S COMMENT

It is noted that the phrase "connection means" in the claims does not invoke 35 USC 112 6th paragraph as it does not meet the 3-prong test as outlined in MPEP 2181. This is corroborated by Applicant's representative Christopher Reckamp. See attached form PTOL-413B.
